

## Spellings

Keep practising all your common exception words using your poster. Which are the ones that you still find challenging to read and spell? Can you make a list and practise those ones a little every day? Remember to mark them off your list when you begin to feel confident that you know them. At the end of the week have another look at your poster. Do you still find the same ones difficult or did your practise work?

## English

Imagine you have visited England, Ireland, Scotland or Wales. (or you may have actually visited one of these places!)

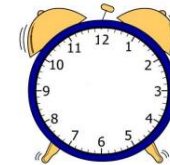

What did you see? What places did you visit? What cities did you go to? What flowers or animals remind you of that place? What food did you eat? Write a postcard to the class to tell them about your adventures in that country. Make sure you design a beautiful picture too.

## Maths

**My Maths** - New tasks have been set for you. Log on and have a go. Remember that you can access the online lesson if you need help.

**Year 3: Practise telling the time to the nearest minute - can you compare analogue and digital time too?**

**Year 2: Practise telling the time to the nearest hour, half hour and quarter past - challenge can you tell the time to 5 minutes?**

## Enquiry Homework

**Geography / History** - Flags and facts! Choose a country from the British Isles. Find out its flag and other fascinating facts about that country such as if it has a national anthem, a national dish, flower or capital city. Can you make and present your findings in an interesting poster that we could display in the classroom?

Learning Log Class 2  
Set: 18.06.18  
Due in: 02.07.18

**How can we measure Pride?  
Our Value is Pride**

You will have two weeks to complete the home learning tasks. Please let me know if you need any support or resources to be able to complete the tasks. **NB.** There is no obligation to complete every homework task. Please treat it like a buffet of learning that you can select from and enjoy sharing learning time with your child. Enjoy learning together.

**Your most important home learning is Reading – share a book at bedtime, learn some facts in a non-fiction book, read a story with expression. Don't forget to write down in your yellow book every time you read. It will help to unlock other learning.**
