

Delabole Primary School Newsletter

June 2026

See this and more on our school website www.delaboleschool.org

Dear Parents and Carers,

Welcome back to the final term of the year. It is a busy one with lots of things going on. Please ensure you take note of all the dates below. There will be separate letters for specific events, please keep a look out for these.

Our value is **Wonder**, and our Enquiry question is '**How does the land shape our lives?**'

Medrose children will be learning more about the United Kingdom and the treasures within it. Pengelly Class will be going back to the time of the Romans and finding out how they have shaped the way we live today, whilst Rockhead Class will be learning more about volcanoes within Geography lessons and how they impact the lives of people around them. Rockhead children will also be working hard on their end of year performance, Pirates Vs Mermaids!

Look out for your child's Enquiry web that will be sent to you shortly, sharing all the learning that will be covered in each subject this term.

Annual Residentials

Thank you to everyone for making the Bath residential trip over four days such a wonderful and memorable experience for our children at the end of last half term. Everyone worked so hard to maximise the experiences, but also to minimise the cost. We are very grateful to the staff who attended – as well as the admin team for working tirelessly in the background to make these trips possible, they are so valuable for the children.

Our second residential takes place from 22nd June to 24th June for our Year 4 and 5 children who are off to Porthpean. We hope you have a fabulous time and look forward to hearing all about it.

Being Prepared

As the weather is warming up, can you please ensure your child has suncream applied before coming to school. They also need to ensure they have a water bottle and hat in school as we endeavour to make the most of the weather and get outside as much as possible.

We also have a number of children not bringing a PE kit to school. We are making the most of opportunities to get out and practise for Sports Day and so it is essential children have an appropriate kit in school at all times please. If you need any items, please let us know as we have many second-hand items that are available. Please ensure all uniform is named to we can reunite items with their owners. Thank you.

Healthy Active Living Week

Coming up, the week beginning 15th June, we will be holding our annual Healthy Active Living Week. We are in the process of planning a host of activities to teach children about the importance of health and wellbeing and will be sharing details shortly. During this week our FODS team have organised a sponsored bike/scooter event. We would love you to support this event and plan to get the children out on the bike track throughout the day. If you need to borrow a bike, do let us know as we have a small school fleet that can

1st June 2026

be used if necessary. Information was sent out at the end of last term, but please let us know if you need another copy.

Sports Day

This year our Sports Day will take place on Tuesday 16th June. The children can come to school in their PE kit for this day and we will spend the morning taking part in a circuit of non-competitive sporting activities, run by our older children.

Parents are invited to join us at 12:15pm for a picnic lunch on the field if you wish. Nikki will be preparing a school picnic lunch on this day for any children wishing to book a school meal so we can all eat outside. Adults are welcome to bring your own picnic – no alcohol smoking/vaping on the school site please. The school gate will be closed at 1pm with our traditional races starting from 1:15pm. Events should be over by the end of the school day. We are hopeful that the sun will shine for us however, if we have to take the decision to postpone the event, we will let you know by 10am on the morning of the 15th.

Contacting Staff

We are aware that many parents know and liaise with staff through teacher work email address. Moving forwards, could all correspondence go through the school email address hello@delaboleschool.org. This email address is checked regularly throughout the day by Mrs Chapman who will ensure it is passed on to the relevant member of staff.

As staff are teaching and receive lots of emails over the course of the day, we don't want to be in a position where something gets missed.

Please do look out for communications from us as there is a lot to fit in which we hope our whole Tribe can benefit from and enjoy. Please don't hesitate to contact us if you have any worries, questions or concerns.

Kind regards,
Lou Kirkman
