

### Spellings

Each child will have different spellings to learn linked to their learning from class. We will review these regularly but not in a formal test. Your child's spellings will be stuck into this book every two weeks.

As part of their practice, please put words into sentences, using joined handwriting, to show understanding.

### Enquiry

How Are We Looking After Our World for Future Generations? This term Class 1 are thinking about our natural world and how humans are responsible for taking care of it as well as the creatures that share it with us - with a focus on the ocean and its sea creatures. Could you take photographs of you and your family enjoying a local beach, participate in a beach clean, draw a picture or write a sentence about what you found or how you have helped.

### Maths

Each child will have an appropriate My Maths activity linked to their Maths learning from class. Please watch the teaching video for support.

Log in details for this are at the back of this book.

### Class 1 Learning Log

Reading daily  
Spellings and Maths bi-weekly  
Enquiry termly

Homework club runs every week for whoever may need extra support. Computer access is available then.

How Are we Looking After Our World for Future Generations?

Value: Responsibility.

Class 1, Spring 2, 2020

Please let me know if you need any support or resources to be able to complete the tasks.

### Reading

Your most important home learning is Reading - it will help to unlock other learning - read your schoolbooks, enjoy your library/book corner book. share a book at bedtime, learn some facts in a non-fiction book. Don't forget to write down in your love reading journal every time you read and especially when you finish your book.

We will be celebrating World book Day on Thursday 5<sup>th</sup> March, where we will be enjoying a 'Mad Hatter's Tea Party'. We would like you to create a homemade hat for this occasion, let your imagination go wild.
